SKILLS

Programming Languages	Java, JavaScript, HTML,CSS,C
Tools & Platforms	Git, GitHub, Strapi, Eclipse
Frameworks & Libraries	React.js, Node.js, Tailwind CSS, Bootstrap

WORK EXPERIENCE

Software Development Intern

July 2023 — Aug 2023

IDRISH

Ambala

- Developed 5 Front-end applications with the help of javascript framework **React** and used **Tailwind CSS** for designing them.
- Implemented a robust design to interact with the various Api's of their backend team and used best optimization techniques.
- Got to deploy their backend on **Cloudinary and Digital Ocean** for making it available for their users to access .

PROJECTS

Music Now

Aug 2023 — Sept 2023

- Developed a e-commerce platform **MusicNow** using **React.js** and **Tailwind CSS**, and managed content with **Strapi CMS**.
- Used external state management library **Redux** for making state management easier and organised.
- Designed the application in a responsive manner that is supportable on any device and integrated live search in it to search for particular products and browse to them.

Blog Now

Aug 2022

- Developed a content driven blogging website for users to blog and created various routes of tags for user to access in particular blogs on the basis of categories.
- Utilized **Tailwind CSS** for styling and used **Strapi** as a headless CMS for easy content management by non-technical users.
- Deployed the website to make it available for end users.
- Successfully implemented **SEO best practices**, resulting in Google search indexing and improved visibility.
